Adjudication Remediation Plan

Adjudication Remediation: High-level

- **Validation and testing for the first phase of system-wide reprocessing has begun and will continue throughout the phased approach outlined below.** Each phase will be validated before moving on to the next to ensure accuracy.
- **We will provide updates on a week-to-week basis throughout the duration of the Adjudication Remediation Plan reprocessing.** When a reprocessing phase has been validated and completed, we will communicate when you can expect to see the reprocessed claims reflected in your payments and remits

We fully share the urgency to resolve outstanding payments and are committed to doing so with **accuracy and reliability**, while minimizing administrative impacts to our provider partners. Every step in the Adjudication Remediation Plan has been and will continue to be carried out with these key priorities in mind.

Adjudication Remediation Plan Overview

- At a high-level, the **Adjudication Remediation Plan (ARP)** includes:
 - Reprocessing of claims that had been previously denied based on eligibility inaccuracies
 - Reprocessing claims that have been denied incorrectly as duplicates
 - Reprocessing claims with CDT codes that had been misconfigured within the BeneCare system
 - Reprocessing claims that had been incorrectly adjudicated **due to a combination of processing errors** (i.e., eligibility + treatment history)
 - Void and resubmission of claims that were paid using incorrect reimbursement amounts.
- The ARP will be executed in phases as shown in the next three slides.
 - We will keep you informed when a phase has been completed and when you can expect to see the reprocessed claims reflected in your payments and remits.

Phases In The Adjudication Remediation Plan

- Adjudication Remediation Plan (ARP) reprocessing will occur in PHASES as shown below and on the following slides. We will provide progress updates on a week-to-week basis.

1 Phase 1 – Completed*, Run 100862

- Reprocessing claims that had been previously **denied based on eligibility inaccuracies**
 - This includes denial reason **codes 23 & 24** (Services prior to coverage; Not eligible at this time)
- *There are some incorrect eligibility denials that are not included in the first Phase of reprocessing because additional investigation is needed to reprocess correctly, including orthodontic claims.
- We will continue working to identify and correct any outstanding incorrect eligibility denials. Updates will be provided as this investigation unfolds.

Reprocessed claims from this first phase of reprocessing will be included in the **12/1 claims payment (Run 100862)**

- **Our desired outcome is to complete one reprocessing phase each week.**
- Each phase will be validated before moving on to the next to ensure accuracy.
- When a reprocessing phase has been validated and completed, we will communicate when you can expect to see the reprocessed claims reflected in your payments and remits.

Continued on the next slide...

Phases In The Adjudication Remediation Plan

- We will provide progress updates on a week-to-week basis to share the status for each phase in the Plan. You can also see a status summary on slide 11.

2 Phase 2 *This phase is currently underway*

- Reprocessing claims that **denied for timely filing**
- Reprocessing claims that were previously denied based on **frequency limitation inaccuracies**, including exams, recalls, cleaning, and fluoride services
- Reprocessing **CDT code D1351** for incorrect denials teeth 2 and 3

3 Phase 3

- Reprocessing claims that had been previously **denied with exclusion code 25 (Services Exceed Annual Max)**
- **CDT code D0190** (billable by PHDHs only) will be reprocessed for claims missing an adult rate
- **D1510** denying incorrectly for age for members 20 or younger

4 Phase 4

- Reprocessing portal submitted claims with the following CDT codes:
 - **D8670** (periodic ortho payments)
 - **D8999** (interceptive ortho payments)
 - **D2740** (porcelain or ceramic crown)
- Portal claims that submitted with blank exclusion codes

Continued on the next slide...

Adjudication Remediation Plan Phases Continued

5 Phase 5

- Reprocessing claims that had been paid using **incorrect reimbursement amounts**, i.e., for adults paid at child rates
- **D9450** (CHC wrap)

NOTE: Once the system-wide reprocessing as part of the Adjudication Remediation Plan is complete, the BeneCare claims team will help resolve any specific claim denials that still need to be addressed.

6 Phase 6

- Reprocessing PAs with future dates of service processed as claims
- PAs with no date of service processed as claims

Please refer to the status/summary recap of the ARP on the next slide:

NEXT STEPS: We anticipate additional code-specific reprocessing (such as D3120) will be added to the Adjudication Remediation Plan in the future.

Claims Processing & Payment Update

Claims Processing and Payment

- **This week's 11/17 (Run 100860)** included a week of recently submitted claims as well as the resubmitted claims from Run 100833 through Run 100854 that were marked to be paid but had not yet been paid or included in a remit because the claims had not made it into the MassHealth payment system.
- Due to last week's Veteran's Day holiday, next week's 11/24 claims payment (Run 100861) will include 6 days of submitted claims. Please note the following week (Run 100862) will include 8 days of submitted claims AND the first phase of reprocessed claims (*see Slide 8 for more on Phase 1*).

- As a reminder, Run 100852 was the **first claims payment processed with updated eligibility data**
- Run 100855 was the **first claims payment processed with the further extended timely filing limit**.
- Any incorrect eligibility or timely filing denials prior to these updates will be part of the system-wide reprocessing per the Adjudication Remediation Plan (*see Slides 7-11 for more on the ARP*)

As a reminder, please continue submitting claims, prior authorization requests, **and all other routine operational tasks through BeneCare** until further instructions are provided regarding the TPA transition.

Further Timely Filing Extension

- In response to provider concerns about continued claims processing delays, MassHealth has **further extended the timely filing limit to 345 days – through March 31, 2026**
 - Earlier this year, MassHealth provided an interim extension from 90 days to 180 days through 12/31/2025
 - On September 15th, MassHealth further extended the timely filing limit to 345 days through 3/31/2026
- This extension has been updated in the ORM and can be found here: massdhp.org/orm
- Any incorrect eligibility or timely filing denials prior to these updates will be part of the system-wide Adjudication Remediation Plan (*see Slides 7-11 for more on the ARP*)

Please note that our claims system was recently updated to reflect the extended timely filing limit.
As of 9/26/2025, claims are now processing with the updated 345-day timely filing limit through 3/31/2026.
Any incorrect timely filing denials prior to this update will be part of the system-wide Adjudication Remediation Plan.

Claims Outreach

- We continue to work through some provider-specific claims issues and are reaching out to those providers directly. Individual outreach and problem-solving continues to assist providers who continue to receive low or no claims payment
- If you haven't already received outreach from the BeneCare team and you either haven't received any claims payment or your payment remains very low **due to something other than the already known eligibility or configuration**, please [fill out this form](#) so that we can assist you.

Prior Authorizations

Implementation of Prepayment Claim Review Delayed Indefinitely

- As a reminder, **MassHealth is indefinitely delaying implementation of prepayment claim review**
 - Prepayment claim review requirements **remain effective** for: members 21 years or older when **more than one crown is delivered on the same date of service**, for dates of service on or after 04/01/2025.
 - Additional prepayment claim review requirements will not go into effect for the indefinite future.
- The ORM was updated on 10/2 with this new guidance and can be found here: massdhp.org/orm

Prior Authorization Update

- PA decisions are available on the portal under “Claims Status” and continue to be mailed out
- Standard PA request turnaround times have been an average of no more than 5 business days
- All requests will continue to be processed within no more than 21 calendar days
 - If you have a pending PA request that is **older than 21 days old**, please email ProviderRequests@massdhp.com with “PA” in the subject line and request a secure email connection.
- If you have **not received your PA decisions in the mail**, please email ProviderRequests@massdhp.com with "LETTER REQUEST" in the subject line and provide the PA # and practice mailing address. We will resend the PA letter by mail.

****Reminder: Only send patient information through secure email.****

To send patient information, **please request a secure email connections** from our Provider Requests team.
You can send information through the secure email connection once sent by Provider Requests.

PA vs. Claim Letters

- Please Note important distinctions between determination letters:
 - PA letters will not show service dates next to service line detail.

No DOS = PA or PreD

Patient Name: FIRST LAST				Claim No: 1234567		
Service Date	Tooth	Surface	Procedure Code	Description	Charge	Notes
		UR	04341	SCL/RTPL QUAD	\$250.00	00
		LR	04341	SCL/RTPL QUAD	\$250.00	01

- Claim, or EOB letters will show service dates in the first column of each claim line in detail on the back of the letter. Claims letters are followed by remit letters which are currently being sent by MassHealth

DOS = Claim

Patient Name: FIRST LAST				Claim No: 1234567		
Service Date	Tooth	Surface	Procedure Code	Description	Charge	Notes
9/10/2025		UR	04341	SCL/RTPL QUAD	\$250.00	00
9/10/2025		LR	04341	SCL/RTPL QUAD	\$250.00	01

Submission Instructions

To expedite service authorization request processing:

- **Do not include future dates of service** when submitting any claims or service authorization requests.
- **Submit claims (dated) and service authorization requests (undated) separately.** When claims and service authorization requests are submitted together under one submission, this requires additional administrative steps and creates processing conflicts which may delay processing times.

Please ensure your billing teams and vendors are aware of this distinction. Submitting claims and prior authorizations separately will help expedite processing and prevent unnecessary disruptions in care or reimbursement.

- **Do not include dates of service for authorization requests on any procedure other than D8660** for orthodontic prior authorization requests.

Orthodontic PA Requests & Claim Payment

- Orthodontic cases **require prior authorization**. Dentists are to submit the required documentation for review for comprehensive treatment.
- **Claims** must include a date of service. These claims cannot be submitted until the service has been rendered.
- **Orthodontic claims will not be reviewed or paid for future dates of service.**

For more information on orthodontic submissions, please refer to the ORM or review the Ortho Job Aid

To find this resource and more, please visit:
massdhp.org/dental-providers/dental-provider-toolkit/

Portal PA Request Submission

- When submitting PA requests in the portal, the **“Procedure Date” field must be left blank**. Please make sure that no date is entered for PA requests.

STEP 1: ADD PROCEDURE CODES (MAX=10)

Procedure Date	Procedure Code	Tooth Number	Tooth Surface	Edit	Remove
No procedure codes have been entered. Please add one below:					

Add Procedure:

Procedure Code: (required)

Procedure Date:

Oral Cavity Area:

Tooth Number:

Tooth Surface: ☐ B ☐ D ☐ F ☐ I ☐ L ☐ M ☐ O

Fee: \$

For PA requests, leave the “Procedure Date” field blank. Including a date may cause the PA request to incorrectly process as a claim.

- Do not include submission date
- Do not include future date

Reconsideration Requests

Reconsiderations

- Reconsideration is a disagreement regarding a clinical or administrative claim decision or authorization decision.
 - Reconsideration requests should be sent directly to BeneCare via one of the submission options below. Please submit [accompanied by this form](#).
 - Once a reconsideration request is received, a **receipt of reconsideration** is emailed to the provider.
 - Reconsiderations are logged depending on the type of reconsideration and are subject to a manual, second review by a dental consultant.
- Submitting reconsiderations:
 - **FAX to: 833-627-7347**
 - **Email to:** Grievances@massdhp.com and use “RECONSIDERATION” in the subject line to request a secure email connection.
 - **Reminder:** **Only send patient information through secure email.** You can send information through the secure email connection once sent by the Grievances & Appeals (G&A) team
 - **Mail to:** MassHealth Dental Program Claims/G+A, P.O. Box 631, Worcester, MA 01613

You do not need to submit reconsideration for known claims processing issues that are part of the Adjudication Remediation Plan. These incorrect claim denials will be part of system-wide reprocessing.

Portal Update

- **TPL Update:** Third Party Liability (TPL) data has been updated in BeneCare systems. The TPL data is now accurate and current.
- **CMSP Accumulator issue:** We are aware of an issue affecting both the portal display of the CMSP \$750 SFY remaining balance and claims processing. Our team is actively working to resolve this issue and a fix is being tested.
 - **For CMSP Accumulator / remaining balance information,** please call 844-MH-DENTL (844) 643-3685.
- The Portal now shows more up-to-date Paid status for claims and service authorization requests that have been processed. Please note that there is about a 1-week lag in the portal status being updated to "Paid" after the claims payment has been issued.
- **Quadrant detail is now displaying properly.** The previous quadrant display issue is now resolved.
 - Please note that quadrant-based codes such as **D4341** and **D4342** require valid quadrant information for processing. Missing quadrant detail will delay processing.

Remittances

- **MassHealth remits are now posted on the Provider Portal** (*see Slide 26 for more info on how to access the remits on the portal*). **Remits will no longer be mailed.**
- Remits are usually posted on Wednesday for the upcoming run.

To request a missing remit that is not on the Portal, please email ProviderRequests@massdhp.com with "REMIT REQUEST" in the subject line, and include your tax ID or NPI, name of office, and address along with the run number of the missing remit or date needed. *For remits before the BeneCare transition (Run 100829 or earlier), please visit the [historic DQ portal](#).*

Please **check the portal** or **call 844-MH-DENTL (844-643-3685)** for questions about the claims status or for additional procedure detail on the MassHealth remit.

Reminder on MassHealth remit limitations: No quadrant information; Up until Run 100857, claims with more than one DOS will incorrectly show all services with the same DOS (*BeneCare recieved the correct information about the multiple DOS and processed the claims as such*). BeneCare has **separate EOB reason codes** from the EOB reason codes listed on the MassHealth remit. *MassHealth and BeneCare EOB code crosswalk:* bit.ly/EOBcrosswalk.

Proof of Eligibility Reminder

- Remember to check eligibility on the actual DOS and retain proof of eligibility
 - The member Eligibility Report or Treatment History Report can be saved as proof that eligibility was verified on the date the report was run (i.e. replacing previously required screenshots)

MassHealth Dental program policy is to honor eligibility status as it appears at the time of verification on the date of service.

The Office Reference Manual (ORM) is a resource designed to assist dental providers and their teams in understanding the MassHealth Dental Program. It provides key information on covered services, claim submission, and other important policies and procedures. The ORM is regularly updated to reflect changes in policies, procedures, and regulations, so please check back frequently for updates.

Please note: If there is a conflict between the ORM and official MassHealth regulations, the regulations take precedence in every case. *Please refer to the MassHealth website for complete Dental and All Provider Manuals which contain the regulations:* www.mass.gov/lists/dental-manual-for-masshealth-providers.

TPA Transition

Important TPA Reminder

- As communicated previously, **MassHealth's Dental TPA will be transitioning back to the prior administrator in early 2026.**
- BeneCare will continue to provide services as our Dental TPA through the transition period. MassHealth is committed to correctly processing all claims and service authorizations and will be working hard with BeneCare and providers to resolve any issues over the next few months.
- Moving forward, MassHealth will communicate directly with dental providers to issue additional information regarding the Dental TPA transition, including more details about timing. To stay informed, please:
 - Bookmark our new [Dental TPA Transition webpage](#). MassHealth will update this page regularly.
 - Sign up for future emails about the transition by completing this [request form](#).

TPA Update continued

- Please continue submitting claims, prior authorization requests, and all other routine operational tasks through BeneCare until further instructions are provided regarding the transition.
- This transition **will not affect your status as a MassHealth provider or your MassHealth provider contract.** MassHealth's current rates and coverage for dental services will also not be affected by the Dental TPA transition.
- Thank you for your dedication to providing excellent care to our members. We truly appreciate your continued participation and partnership as we work to transition our dental program.

Prepayment Claim Review

Prepayment Claim Review

- This is a new process to ensure claims align with MassHealth regulations **before payment** is made.
- This review includes but is not limited to:
 - **member eligibility** determination;
 - **provider eligibility** determination;
 - **benefit coverage** determination and/or **coordination of benefit**;
 - determination that the service is **medically necessary** and meets the applicable **standards of care** and is **not duplicative** of another service.
- When clinical review is needed for prepayment claim review, **documentation must be submitted with the claim**.

Prepayment Claim Review (cont.)

- **Prepayment claim review** is conducted in accordance with the MassHealth rules and regulations, including but not limited to 130 CMR 450.000: *Administrative and Billing Regulations*
- MassHealth regulations, including but not limited to 130 CMR 450.205(A) and 130 CMR 450.204(B) require providers to:
 - **keep documentation** that substantiates the provision and medical necessity of services
 - **provide such documentation** to MassHealth upon request
- MassHealth services are not payable without such documentation, and prepayment claim review is a MassHealth request for such documentation

Prepayment Claim Review (cont.)

Previous Requirements

- maintain documentation
- submit documentation *when requested*

New Requirements

- maintain and submit documentation *for all claims that are subject to prepayment claim review* (i.e. documentation is requested for services subject to clinical claim review)

Claim review is not prior authorization. PA requirements remain the same.

Prepayment Claim Review (cont.)

Providers can submit documentation before OR after providing a service:

Before treatment: Request an optional predetermination review to ensure the proposed treatment meets coverage guidelines.

With the claim: Verify compliance with MassHealth regulations, coverage policies, and clinical guidelines before payment.

Optional Predetermination

- Before treatment, providers have the option to submit documentation in advance to check if the proposed treatment is anticipated to meet MassHealth coverage criteria.
- Providers are **not required to request predetermination**

Prepayment claim review and optional predetermination are not prior authorization requirements. MassHealth **prior authorization requirements remain the same and have not changed.**

Benefits of Claims Review

Lower retrospective recoupment audit risk

Clarity on covered benefits

Improved claims accuracy with effective feedback and support

Consultants are making benefit determinations, not treatment recommendations

Intent is to assist providers in adhering to coverage guidelines

Use pre-determination as a service whenever questions on covered services arise
