

BeneCare & MassHealth 12.1.25 Dental Update

MassHealth and BeneCare are working together to prioritize the issues and items that continue to impact your business. We hear your frustration, and we sincerely appreciate your continued professionalism in keeping communication constructive and helpful.

Systematic claim reprocessing work continues according to the phased approach outlined in Section 1 below:

- (1) **Adjudication Remediation Plan** - *Initial reprocessing claims for inaccurate eligibility denials was completed*
- (2) **Claims processing**
- (3) **Prior authorization** – *Prepayment claim review indefinitely delayed except for multiple crowns for adults*
- (4) **Portal and customer service** – *PDF remits are now available via the Provider Portal*
- (5) **Remittances**
- (6) **Payment advances**
- (7) **Recoupments** – *Optional recoupment pause extended through the claims payment on January 5, 2026 (Run 100867)*
- (8) **Helpful reminders** – *Office Reference Manual (ORM) updated as of October 2, 2025*

1) Adjudication Remediation Plan

Here's an update on our progress on the **Adjudication Remediation Plan**.

- **Validation and testing for the system-wide reprocessing has begun and will continue throughout the phased approach outlined below.** Each phase will be validated before moving on to the next to ensure accuracy.

- **We will provide updates on a week-to-week basis throughout the duration of the Adjudication Remediation Plan reprocessing.** When a reprocessing phase has been validated and completed, we will communicate when you can expect to see the reprocessed claims reflected in your payments and remits.
- Below is a high-level overview of the **Adjudication Remediation Plan**. These phases represent the first reprocessing efforts which will yield the largest overall and financial impacts.
 - **Phase 1 of initial eligibility reprocessing is now complete and includes:**
 - Reprocessing claims previously denied based on eligibility inaccuracies. This includes BeneCare denial reason codes 23 (Services prior to coverage) and 24 (Not eligible at this time).
 - **These reprocessed claims will be included in today's 12/1 claims payment (Run 100862)**
 - There are some reprocessed claims that previously denied for inaccurate eligibility which may still deny for other reasons. For example, you may see duplicate denials if a service has already been paid or if the service was billed more than one time.
 - There are some incorrect eligibility denials that are not included in the initial reprocessing. Additional discovery has been done to identify and correct any outstanding eligibility denials. Updates are anticipated soon regarding when these remaining incorrect eligibility denials will be reprocessed and included in your payments and remits.
 - **Phase 2 is currently in testing and validation is underway.**Phase 2 includes:
 - Reprocessing claims previously denied for timely filing.
 - **Phase 3:**
 - Reprocessing claims that had previously denied for configuration or frequency limitation inaccuracies, including exams, recalls, cleanings, fluoride, and other services.
 - This includes reprocessing CDT code D1351 for incorrect denials teeth 2 and 3
 - Reprocessing claims previously denied with Exclusion code 25 for MassHealth Standard plans (Services Exceed Annual Max)
 - CDT code D0190 (billable by PHDHs only) will be reprocessed for claims missing an adult rate
 - CDT code D1510 denying incorrectly for age for members 20 or younger
 - **Phase 4:**

- Portal submitted claims with the following CDT codes will be reprocessed:
 - D8670 (periodic ortho payments)
 - D8999 (interceptive ortho payments)
 - D2740 (porcelain or ceramic crown)
- Portal claims that submitted with blank exclusion codes
- **Phase 5:**
 - Reprocessing claims that had been paid using incorrect reimbursement amounts, i.e., for adults paid at child rates
 - D9450 (CHC wrap)
- **Phase 6:**
 - PAs with future dates of service processed as claims
 - PAs with no date of service processed as claims
- **We fully share the urgency to resolve outstanding payments** and are committed to doing so with accuracy and reliability, while minimizing administrative impacts to our provide partners. Every step in the Adjudication Remediation Plan has been and will continue to be carried out with these key priorities in mind.
- Once the system-wide reprocessing as part of the Adjudication Remediation Plan is complete, our claims team will help resolve any specific claim denials that still need to be addressed.

You can continue to track the Adjudication Remediation Plan's progress by reviewing updated overview slides which can be found on the [Provider News & Updates](#) page or by [clicking here](#).

2) Claims Processing & Payment Update

As a reminder, please continue submitting claims, prior authorization requests, and all other routine operational tasks through BeneCare until further instructions are provided regarding the transition.

We are receiving a surge in provider requests for claims outreach, which is causing delays in our investigations and follow-up responses. Thank you for your patience as we work to resolve and respond to each request.

- Current state - claims status:
 - **This week's 12/1 claims payment (Run 100862)** includes 8 days of recently submitted claims due to the Veteran's Day holiday as well as the Phase 1 initial reprocessing of eligibility denials as outlined above in Section 1
 - Third-party liability (TPL) claims are now being processed and

are included in Run 100862 and moving forward.

- **Next week's 12/7 claims payment (Run 100863)** will include a regular week of submitted claims.
- As a reminder, **MassHealth has further extended the timely filing limit to 345 days through March 31, 2026.**
- Please note that Run 100852 was the first claims payment processed with updated eligibility data and Run 100855 was the first claims payment processed with the further extended timely filing limit.
 - Any incorrect eligibility or timely filing denials prior to these updates will be part of the system-wide Adjudication Remediation Plan (outlined in Section 1)
- Recoupments continue to apply, except for providers who requested a recoupment pause. For more information on recoupments, see Section 7 below.
- Next steps - claims status:
 - **CDT codes D1206 and D1208** are inaccurately denying and are under investigation and corrective testing.
 - We continue to work through some provider-specific claims issues and are reaching out to those providers directly. Individual outreach and problem-solving continues to assist providers who continue to receive low or no claims payment.

If you haven't already received outreach from the BeneCare team and you either haven't received any claims payment or your payment remains very low **due to something other than the already known eligibility or configuration**, please fill out [this online form](#) so that we can assist you.

*** No resubmissions are needed at this time. We will notify you if needed in the future.***

3) Prior Authorization Update

As a reminder, **MassHealth is indefinitely delaying implementation of prepayment claim review**, except for multiple crowns delivered on the same date of service for members 21 years and older.

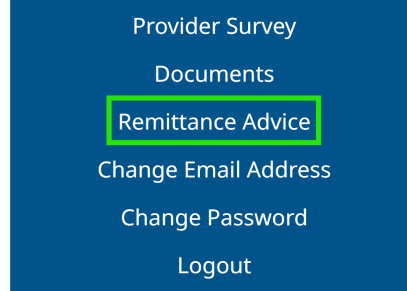

- Prepayment claim review requirements remain effective for members 21 years or older when more than one crown is delivered on the same date of service, for dates of service on or after 04/01/2025.
- Additional prepayment claim review requirements will not go into effect for the indefinite future.
- The ORM was updated on 10/2 with this new guidance.
- Current state:
 - PA decisions are available on the portal under "Claims Status" and continue to be mailed out.
 - If you have not received your PA decisions in the mail, please let

us know by sending an email to **Provider Requests** with **"LETTER REQUEST" in the subject line and provide claim information and practice mailing address.** The claims team will resend the PA by mail. ***If you need to send patient information, please request a secure email connection from our Provider Requests team.***

- Please note the important distinctions in benefit determination letters:
 - PA letters will not show service dates next to service line detail.
 - Claim, or EOB letters will show service dates in the first column of each claim line in the detail on the back of the letter. Claims letters are followed by remit letters which are currently being sent by MassHealth.
Receiving a letter with a service date means that the procedure line was processed as a claim and not a PA request.
- PA requests are being processed within the standard turnaround times:
 - An average of no more than 5 business days, and
 - No more than 21 calendar days for any individual request
- **If you have a pending PA request that is older than 21 days old please email ProviderRequests@massdhp.com with "PA" in the subject line to request a secure email connection.**
 - Reminder: Only send patient information through secure email. You can send information through the secure email connection once sent by Provider Requests.

4) Portal & Customer Service Updates

- Current state - portal:
 - **CMSP Accumulator issue:** We are aware of an issue affecting both the portal display of the CMSP \$750 SFY remaining balance and claims processing. Our team is actively working to resolve this issue and a fix is being tested for quality assurance.
 - For CMSP Accumulator / remaining balance information, please call 844-MH-DENTL (844) 643-3685.
- Portal updates:
 - PDF remits are now available on the Provider Portal.
 - Remits are usually posted by the Wednesday prior to the claims payment.
 - Remits can be downloaded under the "Remittance Advice" option in the left menu bar in the portal as shown in the image below:

- **Quadrant detail is now displaying properly.** The previous quadrant display issue is now resolved.
- Quadrant detail entry requirements are outlined on slides 22-23 in the discussion slides here: [Virtual Office Hours](#).
 - Please note that quadrant-based codes such as **D4341** and **D4342** require valid quadrant information for processing. Missing quadrant detail will delay processing.
- If you are unable to submit a claim in the portal due to an issue with the member eligibility check, the claim can be submitted through these alternative routes:
 - **FAX** to: 833-627-7347, or
 - **Submit to EDI**, or
 - **Mail to:** MassHealth Dental Program Claims c/o BeneCare
Dental Plans P.O. Box 631. Worcester, MA 01613
- **Please do not email claims directly to BeneCare.** If you are cannot FAX, submit through EDI, or mail your claim, you can request a secure email connection by emailing ProviderRequests@massdhp.com.
- Current state – customer service:
 - Incoming calls during the abbreviated week of 11/24-26 were answered in less than 2 minutes.
 - Increased staffing and cross-training members of the BeneCare constituent services teams have resulted in continuous improvements in wait times and abandonment trends.
 - Providers can also continue to call MassHealth’s customer service line at 800-841-2900 for member eligibility information. (Note: MassHealth customer service can only answer questions about member eligibility, not claims, prior authorization requests, or other items. Please continue to call BeneCare’s customer service center for this information.

5) Remittances

- Current state:
 - **MassHealth remits are now available in the Provider Portal.** Remits will no longer be mailed. See Section 4 above for more information on how to access.
 - **To request a missing remit**, please email ProviderRequests@massdhp.com with "REMIT REQUEST" in the subject line, and include your tax ID or NPI, name of office, and address along with the run number of the missing remit or date needed.
 - As a reminder, the MassHealth remit has separate EOB reason codes from BeneCare. A crosswalk is [available here](#).
 - Some providers have reported examples of denied claim lines with the MassHealth EOB reason code 9918 that indicates a paid claim line. This issue is under investigation.
 - Providers will need to check the portal or call 844-MH-DENTL (844-643-3685) for questions about the claims status or for additional procedure detail on the MassHealth remit.
- VendorWeb:
 - VendorWeb is the State's portal for providers to view scheduled payments and payment history.
 - For more information on VendorWeb, please refer to the Virtual Office Hours slides or visit: [How to Use VendorWeb](#)

Access VendorWeb

6) Interim Payment Advances

- As noted above, **due to the Thanksgiving holiday, interim payment advance requests will be due on Tuesday, 11/25 by 11:50pm (midnight)** instead of the normal Wednesday deadline.
 - There are no impacts to the interim payment advance issue dates.
- MassHealth will continue to make interim payment advances upon request for providers who payments are below their historical claims payment volumes.
- As claims payment issues resolve and payments have returned to historical claims payment volumes for most providers, fewer requests are being approved. However, specific providers who continue to have low to no claims payments remain eligible.
- For more information and the option to submit a request for an interim payment advance, please use the [online form](#).

7) Recoupments

Unless a provider has requested an optional recoupment pause, recoupments will continue to apply to your claims payments until the advance amount has been fully recouped.

- For more details about the recoupment process, including the option to pause recoupments through the claims payment on January 5, 2026 (Run 100867), please see the Recoupment Job Aid available on the [Dental Provider Toolkit](#) page.

8) Helpful Reminders

Don't miss these important updates and reminders.

Office Reference Manual (ORM) updated as of October 2, 2025

- MassHealth has updated the ORM to include guidance for the indefinite **delay of prepayment claim review** (except for multiple crowns for adults) and **further extension of timely filing to 345 days through March 31, 2026.**
