Adjudication Remediation Plan

Updated as of January 8, 2025

Adjudication Remediation: High-level

- Validation and testing for the system-wide reprocessing is approaching completion as outlined in the following slides.
- We have been providing updates on a week-to-week basis throughout the duration of the **Adjudication Remediation Plan reprocessing**. When a reprocessing phase has been validated and completed, we will communicate when you can expect to see the reprocessed claims reflected in your payments and remits

We fully share the urgency to resolve outstanding payments and are committed to doing so with **accuracy and reliability**, while minimizing administrative impacts to our provider partners. Every step in the Adjudication Remediation Plan has been carried out with these key priorities in mind.

Adjudication Remediation Plan Overview

- At a high-level, the **Adjudication Remediation Plan (ARP)** includes:
 - Reprocessing of claims that had been previously denied based on eligibility inaccuracies
 - Reprocessing claims that have been denied incorrectly as duplicates
 - Reprocessing claims with CDT codes that required reconfiguration within the BeneCare system
 - Reprocessing claims that had been incorrectly adjudicated **due to a combination of processing errors** (i.e., eligibility + treatment history)
 - Void and resubmission of claims that were paid using incorrect reimbursement amounts.
- The ARP will be implemented in phases **which are summarized in a status update on the next slide**. Progress updates are provided on a week-to-week basis.
 - We will keep you informed when additional phases have been completed and when you can expect to see the reprocessed claims reflected in your payments and remits.

We will only post reprocessed claims that qualify for payment.
At this time, we are not posting reprocessed claims that deny again.

ARP Status Summary

Continued Reprocessing***	In Testing/ Validation		
Voids	In Development		

* Prior to systematic reprocessing, we first resubmitted claims that were approved for payment in the BeneCare system but had not made it into the MassHealth payment system. These claims were marked to be paid but had not yet been paid.

** Denials due to configuration or frequency limitation inaccuracies: D0120, D0140, D0150, D0180, D1110, D1206, D1208, D1351, and D9110 for MassHealth Limited.

*** "Services Exceed Annual Max" for MH Standard plans; D0190 missing an adult rate; D1510 denying incorrectly for age for members 20 or younger

Phases in the Adjudication Remediation Plan

- Adjudication Remediation Plan (ARP) reprocessing will occur in PHASES as shown below and on the following slides. We will provide progress updates on a week-to-week basis.

1 Phase 1 – Completed*, Run 100862

- Reprocessing claims that had been previously **denied based on eligibility inaccuracies**
 - This includes denial reason **codes 23 & 24**
(Services prior to coverage; Not eligible at this time)

Reprocessed claims from this first phase of reprocessing were included in the **12/1 claims payment (Run 100862)**

- *There are some incorrect eligibility denials that are not included in the first Phase of reprocessing because additional investigation is needed to reprocess correctly, including orthodontic claims.
- We will continue working to identify and correct any outstanding incorrect eligibility denials. Updates will be provided as this investigation unfolds.

- **Our desired outcome is to complete one reprocessing phase each week.**
- Each phase will be validated before moving on to the next to ensure accuracy.
- When a reprocessing phase has been validated and completed, we will communicate when you can expect to see the reprocessed claims reflected in your payments and remits.

Continued on the next slide...

Transition updates can be found in the Appendix

Comptroller's Office System Upgrade

The Office of the Comptroller oversees the Commonwealth's financial systems and processes, including MassHealth dental claims payments and VendorWeb.

- The Comptroller's Office is expected to implement a system upgrade in mid-January 2026.
- As a result, payment issue dates for all MassHealth providers, including dental providers, may shift slightly:
 - Payments for **Run 100869** (week of January 19th)* may be issued one to two days *earlier than usual*, and
 - Payments for **Run 100870** (week of January 26th) may be issued one to two days *later than usual*.
- VendorWeb is expected to be available during the system upgrade, but no new information will be posted during the system upgrade.

***Please note that MassHealth offices and call centers will be closed on January 19th for the Martin Luther King Jr. Day holiday.**

Further Timely Filing Extension

- In response to provider concerns about continued claims processing delays, MassHealth has **further extended the timely filing limit to 345 days – through March 31, 2026**
 - Earlier this year, MassHealth provided an interim extension from 90 days to 180 days through 12/31/2025
 - On September 15th, MassHealth further extended the timely filing limit to 345 days through 3/31/2026
- This extension has been updated in the ORM and can be found here: massdhp.org/orm
- Incorrect timely filing denials are part of Phase 2 of the system-wide Adjudication Remediation Plan (*see Slides 7-11 for more on the ARP*)
 - These reprocessed claims are included in the 12/15 claims payment (Run 100864)

Please note that our claims system was recently updated to reflect the extended timely filing limit. As of 9/26/2025, claims are now processing with the updated 345-day timely filing limit through 3/31/2026. *Any incorrect timely filing denials prior to this update will be part of the system-wide Adjudication Remediation Plan.*

Claims Outreach

- We continue to work through some provider-specific claims issues and are reaching out to those providers directly. Individual outreach and problem-solving continues to assist providers who continue to receive low or no claims payment
- If you haven't already received outreach from the BeneCare team and you either haven't received any claims payment or your payment remains very low **due to something other than the already known eligibility or configuration**, please [fill out this form](#) so that we can assist you.

Prior Authorizations (PA Requests)

Implementation of Prepayment Claim Review Delayed Indefinitely

- As a reminder, **MassHealth is indefinitely delaying implementation of prepayment claim review**
 - Prepayment claim review requirements **remain effective** for: members 21 years or older when **more than one crown is delivered on the same date of service**, for dates of service on or after 04/01/2025.
 - Additional prepayment claim review requirements will not go into effect for the indefinite future.
- The ORM was updated on 10/2 with this new guidance and can be found here: massdhp.org/orm

Prior Authorization (PA) Update

- PA decisions are available on the portal under “Claims Status” and continue to be mailed out
- Effective 1/1/2026, **standard PA requests are being processed within 7 calendar days**
- If you have a pending PA request that is **older than 7 days old**, please email ProviderRequests@massdhp.com with “PA” in the subject line and request a secure email connection.
- If you have **not received your PA decisions in the mail**, please email ProviderRequests@massdhp.com with "LETTER REQUEST" in the subject line and provide the PA # and practice mailing address. We will resend the PA letter by mail.

****Reminder: Only send patient information through secure email.****

To send patient information, **please request a secure email connections** from our Provider Requests team.
You can send information through the secure email connection once sent by Provider Requests.

PA vs. Claim Letters

- Please Note important distinctions between determination letters:
 - PA letters will not show service dates next to service line detail.

No DOS = PA or PreD

Patient Name: FIRST LAST				Claim No: 1234567		
Service Date	Tooth	Surface	Procedure Code	Description	Charge	Notes
		UR	04341	SCL/RTPL QUAD	\$250.00	00
		LR	04341	SCL/RTPL QUAD	\$250.00	01

- Claim, or EOB letters will show service dates in the first column of each claim line in detail on the back of the letter. Claims letters are followed by remit letters which are currently being sent by MassHealth

DOS = Claim

Patient Name: FIRST LAST				Claim No: 1234567		
Service Date	Tooth	Surface	Procedure Code	Description	Charge	Notes
9/10/2025		UR	04341	SCL/RTPL QUAD	\$250.00	00
9/10/2025		LR	04341	SCL/RTPL QUAD	\$250.00	01

Submission Instructions

To expedite service authorization request processing:

- **Do not include future dates of service** when submitting any claims or service authorization requests.
- **Submit claims (dated) and service authorization requests (undated) separately.** When claims and service authorization requests are submitted together under one submission, this requires additional administrative steps and creates processing conflicts which may delay processing times.

Please ensure your billing teams and vendors are aware of this distinction. Submitting claims and prior authorizations separately will help expedite processing and prevent unnecessary disruptions in care or reimbursement.

- **Do not include dates of service for authorization requests on any procedure other than D8660** for orthodontic prior authorization requests.

Orthodontic PA Requests & Claim Payment

- Orthodontic cases **require prior authorization**. Dentists are to submit the required documentation for review for comprehensive treatment.
- **Claims** must include a date of service. These claims cannot be submitted until the service has been rendered.
- **Orthodontic claims will not be reviewed or paid for future dates of service.**

For more information on orthodontic submissions, please refer to the ORM or review the Ortho Job Aid

Portal PA Request Submission

- When submitting PA requests in the portal, the **“Procedure Date” field must be left blank**. Please make sure that no date is entered for PA requests.

STEP 1: ADD PROCEDURE CODES (MAX=10)

Procedure Date	Procedure Code	Tooth Number	Tooth Surface	Edit	Remove
No procedure codes have been entered. Please add one below:					

Add Procedure:

Procedure Code: (required)

Procedure Date:

Oral Cavity Area:

Tooth Number:

Tooth Surface: ☐ B ☐ D ☐ F ☐ I ☐ L ☐ M ☐ O

Fee: \$

For PA requests, leave the “Procedure Date” field blank. Including a date may cause the PA request to incorrectly process as a claim.

- Do not include submission date
- Do not include future date

PA and Claim Status FAQs

- **Q: What does the status "NOT SUPPORTED BY DOCUMENTATION" mean?**
- **A:** BeneCare's reason code 66 (NOT SUPPORTED BY DOCUMENTATION) is used when documentation was not received. Please resubmit your service authorization request or claim with all of the required documentation.
- **Q: What does it mean that my services were denied with reason code 30 "DENIED, CONSIDER ALTERNATIVE TREATMENT"?**
- **A:** Reason code 30 denials (DENIED, CONSIDER ALTERNATIVE TREATMENT) indicate that the services were rendered by a provider or location that was not participating in the member's assigned network on the date of service.

Common scenarios include: the provider or service location was not active or participating with MassHealth on the date of service, or the member was enrolled in Health Safety Net (HSN), and services were provided by a non-HSN provider. *As a reminder, only acute hospitals and community health centers are eligible to enroll in HSN.*

Reconsideration Requests

Reconsiderations

- Reconsideration is a disagreement regarding a clinical or administrative claim decision or authorization decision.
 - Submit a reconsideration **only when you disagree with a denial and have additional clinical or administrative information that was not considered in the original decision.**
 - Reconsideration requests should be sent directly to BeneCare via one of the submission options below. Please submit [accompanied by this form](#).
 - Once a reconsideration request is received, a **receipt of reconsideration** is emailed to the provider.
 - Reconsiderations are logged depending on the type of reconsideration and are subject to a manual, second review by a dental consultant.
- Submitting reconsiderations:
 - **FAX to: 833-627-7347**
 - **Email to:** Grievances@massdhp.com and use “RECONSIDERATION” in the subject line to request a secure email connection.
 - **Reminder:** **Only send patient information through secure email.** You can send information through the secure email connection once sent by the Grievances & Appeals (G&A) team
 - **Mail to:** MassHealth Dental Program Claims/G+A, P.O. Box 631, Worcester, MA 01613

You do not need to submit reconsideration for known claims processing issues that are part of the Adjudication Remediation Plan. These incorrect claim denials will be part of system-wide reprocessing.

Customer Service

- While call volume remains high, increased staffing and cross-training members of the BeneCare constituent services teams have resulted in continuous improvements in wait times and abandonment trends.
 - As anticipated, call volumes were not as high on Wednesday, 12/24 before the holiday
- Providers can also continue to call MassHealth's customer service line at 800-841-2900 if member eligibility information is still needed.
 - **Note: MassHealth customer service can only answer questions about member eligibility, not claims, prior authorization requests, or other items. Please continue to call BeneCare's customer service center for this information.**

Interim Payment Advances

Temporary pause notice: Due to an upcoming Comptroller's Office system upgrade, interim payment advance requests will not be reviewed during the week of January 12th

- MassHealth will continue to make interim payment advances upon request for providers who payments are below their historical claims payment volumes.
- As claims payment issues resolve and payments have returned to historical claims payment volumes for most providers, fewer requests are being approved. However, specific providers who continue to have low to no claims payments remain eligible.
- Interim payment advances will not be processed for offices with payments already estimated to be close to your historical average.

Interim Payment Advance Reminder

- If your cash flow continues to be significantly impacted by claims processing issues, you have the option to request an interim payment advance using the [online form](#).

- **Please note the temporary pause for the week of 1/12 on Slide 40**

New resource in the [Provider Toolkit](#):
Updated [Recoupment Job Aid](#)

Important Update: Paused recoupments will begin to apply again starting with the claims payments made on **January 12, 2026 (Run 100868)**

- MassHealth issued interim payment advances to support providers during the dental TPA transition. **Interim payment advances are now being gradually recouped through a percentage of providers' claims payments.**
- To help ease the transition as paused recoupments resume, a lower recoupment percentage was automatically applied for providers whose recoupments were previously paused.
 - The recoupment percentage was adjusted based on the number of outstanding interim payment advances so that providers will receive **approximately 80% of their claims payments.**
 - MassHealth expects to gradually adjust the recoupment schedules over time.
 - Recoupment will continue at this reduced percentage until outstanding interim payment advances are fully recouped, or the schedule is adjusted.
- **Please review the updated [Recoupment Job Aid](#) to learn more about recoupments, including additional details about the restart of paused recoupments and a recoupment examples.**

Recoupment Change or Status Request

The screenshot shows the 'Interim Payment Advance: Recoupment Hardship Request Form' from MassHealth. It includes a header with the MassHealth logo and title. The main body contains explanatory text about the dental TPA transition and interim payment advances. It lists three request options: lower recoupment percentage, higher recoupment percentage, or status update. A note states that requests are processed weekly and duplicate or incomplete requests will not be processed. It also details the current recoupment process (33% of claims payments) and an optional recoupment pause and restart. At the bottom, there are two required fields: '1. Practice / Entity Name' and '2. Billing National Provider Identifier (NPI) and/or Tax ID', each with an 'Enter your answer' text box.

If you have an outstanding interim payment advance and are concerned about the impact of recoupment on your cash flow, you may complete [this online form](#) to request a:

- **Lower recoupment percentage** to ease the impact on claims payments,
- **Higher recoupment percentage** to shorten the recoupment period, or
- **Status update** on your remaining advance balance

Please note that previously paused recoupments have already been lowered as described on the previous slide and in the [Recoupment Job Aid](#). If you have already submitted a recoupment hardship request, **no further action is needed**. Requests do not need to be resubmitted weekly. *Duplicate or incomplete requests will not be processed.*

For more recoupment info, please see the updated Recoupment Job Aid available on the [Dental Provider Toolkit](#) page

Please note: If there is a conflict between the ORM and official MassHealth regulations, the regulations take precedence in every case. *Please refer to the MassHealth website for complete Dental and All Provider Manuals which contain the regulations:*

Prepayment Claim Review

Prepayment Claim Review

- This is a new process to ensure claims align with MassHealth regulations **before payment** is made.
- This review includes but is not limited to:
 - **member eligibility** determination;
 - **provider eligibility** determination;
 - **benefit coverage** determination and/or **coordination of benefit**;
 - determination that the service is **medically necessary** and meets the applicable **standards of care** and is **not duplicative** of another service.
- When clinical review is needed for prepayment claim review, **documentation must be submitted with the claim.**

Prepayment Claim Review (cont.)

- **Prepayment claim review** is conducted in accordance with the MassHealth rules and regulations, including but not limited to 130 CMR 450.000: *Administrative and Billing Regulations*
- MassHealth regulations, including but not limited to 130 CMR 450.205(A) and 130 CMR 450.204(B) require providers to:
 - **keep documentation** that substantiates the provision and medical necessity of services
 - **provide such documentation** to MassHealth upon request
- MassHealth services are not payable without such documentation, and prepayment claim review is a MassHealth request for such documentation

Prepayment Claim Review (cont.)

Previous Requirements

- maintain documentation
- submit documentation *when requested*

New Requirements

- maintain and submit documentation *for all claims that are subject to prepayment claim review* (i.e. documentation is requested for services subject to clinical claim review)

Claim review is not prior authorization. PA requirements remain the same.

Prepayment Claim Review (cont.)

Providers can submit documentation before OR after providing a service:

Before treatment: Request an optional predetermination review to ensure the proposed treatment meets coverage guidelines.

With the claim: Verify compliance with MassHealth regulations, coverage policies, and clinical guidelines before payment.

Optional Predetermination

- Before treatment, providers have the option to submit documentation in advance to check if the proposed treatment is anticipated to meet MassHealth coverage criteria.
- Providers are **not required to request predetermination**

Prepayment claim review and optional predetermination are not prior authorization requirements. MassHealth **prior authorization requirements remain the same and have not changed.**

Benefits of Claims Review

Lower retrospective recoupment audit risk

Clarity on covered benefits

Improved claims accuracy with effective feedback and support

Consultants are making benefit determinations, not treatment recommendations

Intent is to assist providers in adhering to coverage guidelines

Use pre-determination as a service whenever questions on covered services arise
